Subject: PCBs: Former Pechiney Cast Plate - USEPA Modifications to PCB Cleanup Approvals

Hello Linda:

The subject letter regarding the Pechiney site in Vernon, California is ready for signature except that I am working from home today and do not have Gerald's and Calvin's contact information (full name, affiliation, e-mail address). Please send me that information plus the e-mail address for Mr. Adams and name/e-mail address for DTSC project manager. The sooner I get that information, the sooner I can get the letter signed and sent to all parties by e-mail today. I believe the modifications to the approval are reasonable and flexible.

I will soon reply to your suggested meeting here in San Francisco.

Thank you for your courtesies and I look forward to your reply.

Sincerely,
Carmen

Carmen D. Santos
